Superpowers for your business

Unlock capabilities your company never thought possible.

- **AI-Powered Agents**
Instant customer support on WhatsApp, Instagram, and Messenger.
- **Process Automation**
Eliminate repetitive work and give time back to your team.
- **Lead Generation & Sales Automation**
Smart campaigns that run day and night.
- **Scheduling & Operations**
Automated confirmations and reminders synced with Google Calendar and Calendly.

Built to scale with you

A robust, secure SaaS platform that grows as you do.

- Always-on updates
- Instant scalability
- Dedicated support team

Integrations without limits

Flowtify AI works seamlessly with 50+ leading apps:

Google Drive • Gmail • Make • n8n • Meta (WhatsApp, Instagram, Facebook) • Slack • Notion • HubSpot • Airtable • Calendly • Trello • Discord

👉 Don't see your favorite app? We can integrate it too.

Never lose information

Keep your business connected and your data safe.

✓ Automated workflows running in the background

✓ Information always synced and accessible

Enterprise-grade security

Your data deserves nothing less.

- Official APIs with end-to-end encryption
- GDPR & CCPA compliance
- Secure cloud infrastructure

Real results, measurable impact

With Flowtify AI, businesses have achieved:

- Up to 40% lower operational costs
- More than 20 hours saved per week
- An average +35% increase in lead conversion

Pricing that adapts to you

Every business is different — and so is our pricing.

Your investment depends on:

- The number of channels and agents you want to automate
- The complexity of workflows
- The level of integrations with your current tools
- The type of support and maintenance you prefer

At Flowtify, we believe in transparency and simplicity. After your demo, you'll receive a tailored proposal with clear phases, costs, and ROI expectations.

You only pay for what you truly need — and nothing more.

✨ **Bonus:** Schedule your demo today and receive our free eBook on “The Future of Business Automation”, packed with practical insights to start optimizing immediately.

Our Mission

At Flowtify, we believe technology should save you both time and money.

Our mission is to free entrepreneurs from repetitive work, optimize operations, and let them focus on what truly matters: growing their business and connecting with more clients.

Our Vision

To become the leading automation partner for Spanish-speaking businesses in the U.S. and LATAM, delivering ethical, scalable, and measurable solutions.

Every company should see a clear ROI and tangible growth powered by automation.

Our Team

A global indie team passionate about AI and automation:

- Ysrael Campos – Founder
- Massiel Zanatta – Co-Founder
- Sara Martínez Beltrán – Co-Founder
- Wilfredo Zapata – Fullstack Developer
- Juan Felipe Saavedra – Fullstack Developer
- Ivette Dextre – Marketing & Content Creator
- Kevin Brown – Backend Developer
- Fabio Campos – Engineering Student, Carnegie Mellon

What our clients say
